SWAG no. 81981927730

SWAG no. 81991927111

Ask your wholesaler
about expansion tools for
universal CV boots.

Just two parts for nearly the whole vehicle parc!

Now available in the SWAG range: Universal CV boot repair kits for cars and Universal CV boot repair kits for LCVs and SUVs!

CV boot kit for cars SWAG no. 81927730

with clamps and 90g of grease SWAG no. 99830001

CV boot kit for LCVs/SUVs SWAG no. 81927111

with clamps and 180g grease SWAG no. 99830001

The CV boots come with removable collars (five and six respectively) and, therefore, cover nearly all common car and LCV / SUV models.

Car
SWAG no. 81927730

LCV/SUV
SWAG no. 81927111

These universal steering rack gaiters can be fitted on both the inner and outer CV joints. By using the correct tool, you can stretch the boots up to 10cm in diameter which allows quick and easy fitting. It is not necessary to completely remove the prop shaft and drive shaft!

This considerably reduces the fitting time and saves the customer money.

Ask your SWAG partner for SWAG spare parts!
All parts are also available on www.swag.de.
