Fig. 2: 532 0654 10 – Deflection pulley with new seal design and add-on components

For current listing refer to catalogue media

For the vehicles listed above, Schaeffler Automotive Aftermarket offers a deflection pulley with a new seal design (Fig. 2).

Fig. 1: Deflection pulleys with old seal design

This results in the following changes:

532 0221 10	replaced by 532 0774 10
532 0774 10	in future with new seal design, without add-on components
532 0654 10	identical to 532 0774 10, including add-on components

All of the design configurations meet the technical specifications and can be used without restriction.

Please observe the vehicle manufacturer specifications!
